* Additions to previous calendar

OLD JAOCs

Have you finished reading the January and March 1968 issues of JAOCs and have no more need for them? AOCS will buy these issues from you at \$1.50 each. Send copies to American Oil Chemists' Society, 35 East Wacker Drive, Chicago, Ill. 60601.

VI IFSCC Congress

Barcelona 20-25 September 1970

The Spanish Society of Cosmetic Chemists, organizers of the IFSCC Congress which will be held in Barcelona from the 20th to the 25th of September 1970, extends an invitation to all those who may be interested, to presented original, unpublished, scientific papers.

These papers must deal with the following subjects, pertaining to the scientific program of the Congress: Color in Cosmetics, Physical-Chemical in Cosmetics, Biochemistry and Dermatology in Cosmetics, Practical Science of Cosmetics and Cosmetic Regulations and the Standardization of Raw Materials.

The IFSCC has given a prize of \$1,000 to be awarded by an International Jury for the best paper presented at the Congress.

The papers must reach the Spanish Society six months before the date of the Congress, that is to say before the 20th of March 1970. Any additional information may be obtained from the: Sociedad Española de Químicos Cosméticos, calle Mallorca, 279, Barcelona (9) España.

Third Annual Coulter Particle Characteristics Course Scheduled for September

The third annual Particle Characteristics Course sponsored, as in the past, by Coulter Electronics Industrial Division will be held in San Francisco September 22-24, 1969, and in New York September 29-30 and October 1, 1969. Once again, internationally known lecturers from the Chemical Engineering Department of the University of Technology, Loughborough, England, along with guest lecturers from the United States will conduct courses.

Emphasis of this year's conference will center on particle behavior, interactions and instrumentation. In addition to talks on particle size, surface area, porosity and moisture, lectures will encompass sampling, packed beds, powder flow, classifications, physics of disperse systems and others.

To permit sufficient time for discussion, each course has been limited to a specific number of people. The \$92.00 per person fee includes lunches for all three days.

For complete information, including specific locations, programs and application blanks, write: Shepard Kinsman, Coulter Electronics Industrial Division, 590 West 20th Street, Hialeah, Florida 33010.

SYMPOSIUM ON WATER POLLUTION CONTROL PLANNED

The AOCS is planning a symposium on Water Pollution and Its Control, to be held at some future meeting. Suggestions of possible speakers and requests for particular topics to be covered should be sent to Society headquarters or to the symposium chairman: C. F. Gurnham, of Gurnham, Bramer, and Associates, Inc., Pollution Control Engineers, 223 West Jackson Boulevard, Chicago, Illinois 60606.
