H. E. Carter Receives Alton E. Bailey Award

From
North Central Section

The North Central Section of the American Oil Chemists' Society is pleased to announce that this year's Bailey Award recipient was H. E. Carter, Vice Chancellor for Academic Affairs at the University of Illinois. George Rimnac, President, presented the award to Dr. Carter at the section's March 18, 1970, meeting held at the Swedish Club in Chicago. The award read as follows: "In recognition of his major contributions to the biochemistry of complex lipids and to the education of young scientists."

About the Medal

The North Central Section of the AOCS has established this Award to recognize outstanding research and exceptional service in the field of lipids and associated products. The metal commemorates Alton E. Bailey's great contributions to the field of fats and oils as a researcher, as an author of several standard books in the field, and as a leader in the work of the Society.

Previous medalists were: 1959, V. C. Mehlenbacher; 1960, R. H. Potts; 1961, J. C. Cowan; 1963, A. R. Baldwin; 1965, T. P. Hilditch; 1966, D. Swern; 1967, W. D. Lundberg; 1968, H. J. Dutton; and 1969, H. S. Olcott.

Sponsoring Companies

Sponsors of this year Alton E. Bailey Award include the following companies: Anderson Clayton and Company, Cargill Incorporated, CPC International, DeLaval Separator Company, General Mills Incorporated, Hunt Wesson Foods, Incorporated, The Johnson's Wax Fund, Kraftco Corporation, R&D Division, Mead Johnson Research Center, Oscar Mayer and Company, Sargent-Welch Scientific Company and SCM Glidden-Durkee Division.

About the Medalist

Dr. Carter, is an eminent educator as well as a world

famous scientist. He has spent his entire career at the University of Illinois where for many years he was Professor of Chemistry. In his laboratories the complex lipids sphingosine, phytosphingosine, phytolcolipid, and the cerebrosides were isolated and their structures elucidated. Dr. Carter has been the author or co-author of more than 125 scientific papers. He began as an instructor in the Chemistry and Chemical Engineering Department in 1932 achieving Professorial rank in 1945, a title he held until 1967. During this time more than 70 students received advanced degrees under his guidance. As in the case of so many other Bailey Awardees, Dr. Carter's scientific interests are varied. He has made important contributions to our understanding of the structure of streptomycin, streptothricin and neamicin. He is an excellent administrator, heading the Department of Chemistry and Chemical Engineering from 1954, when he succeeded Dr. Roger Adams, until 1967 when he became Vice Chancellor for Academic Affairs at the University.

The significance of Dr. Carter's accomplishments has been widely recognized. He received the Eli Lilly Award in 1943, the Nichols Medal in 1965, the American Oil Chemists' Society Award in Lipid Chemistry in 1966, and the Spencer Award in 1969. He was given an honorary Doctor of Science degree by his Alma Mater, De Pauw University, in 1953.

Section Business

Following a social hour and a delicious roast beef dinner, the North Central Section President, G. C. Rimnac, called the meeting to order and presented the membership

with a slate of officers for the coming year. The following new officers were elected: President, J. G. Endres, Armour; Vice President, D. R. Erickson, Swift; and Secretary-Treasurer, A. E. Brust, Kraftco. Members at Large include R. J. Anderson, Swift; L. P. Goodman, Kraftco; and R. S. Kadan, Quaker Oats.

Professor John Law of the Biochemistry Department, University of Chicago, introduced Dr. Carter in his speech, "The Man and His Work." Dr. Law recalled many humorous stories and situations that occurred during his association with Dr. Carter as a young graduate student. Dr. Carter then proceeded to his discussion on "30 Years of Glycolipid Biochemistry." Dr. Carter left the audience with his little limerick, "Research should be fun or it shouldn't be done."

Ladies' Night at the NCS-AOCS

Ladies' Night will be held on May 20, 1970, at the Old Spinning Wheel restaurant in Hinsdale. We are sure that you and your wives or girl friends will enjoy this annual treat.

Northern California Section

A new Steering Committee has recently been elected at the AOCS Northern California Section. Officers elected were: Frank Sullivan, Chairman; Don Chase, Vice-Chairman; Fred Palmer, Treasurer; and M. H. Abed, Secretary.
