

# Join AOCS in Mexico City

Combine south of the border sightseeing with an informative and interesting technical program at the 1974 Spring Meeting

An informative and interesting technical program plus the experience of sightseeing south of the border await participants in the 1974 AOCS Spring Meeting to be held April 27–May 1 in Mexico City.

At right is the tentative general schedule of activities planned by General Chairman Frank Khym and his committee. Plans for the technical program, to feature approximately 150 papers, are underway; a complete list of abstracts will appear in the February issue of *JAOCS*.

Members and others planning to attend the Mexico City meeting are urged to register and to make travel arrangements early. Travel Consultants, Inc., is handling all registrations, travel and post-meeting tours. Earlier issues of *JAOCS* featured detailed information about travel and hotel packages and postmeeting tours.

For those who wish special tours of Mexico or elsewhere after the meeting, Travel Consultants will offer a customized service. Let them know where you want to go and when, give them some idea of the type of accommodations and extras (meals, car rentals, etc.) you want included, and they will make the arrangements for you.

An attractive brochure detailing all the necessary information for making travel and housing arrangements and for registering for the meeting has been printed and is available from AOCS headquarters.

Again, you are urged to register early. Travel Consultants will make sure your plans are as convenient and as inexpensive as possible by forming groups at the special lower rates.

## Tentative schedule for the Mexico City meeting

*Saturday,*  
*April 27, 1974* Major travel day from home city airports to Mexico City. Make travel arrangements through Travel Consultants, Inc.
