

# President's Club & Honor Roll

The members listed here have qualified for either the AOCs President's Club or President's Honor Roll. All current members who successfully recruit at least one new member qualify for Club membership. Successful recruitment of at least three new members is the qualification for the more prestigious Honor Roll. All Club and Honor Roll members will receive further recognition and the opportunity to participate in other special programs and activities. Special forms for use in recruiting new members are available from the AOCs headquarters.

# Eastman vs. problem oils and fats

It's no secret about highly unsaturated vegetable oils and edible animal fats.

The fact is, they're unstable. Expose them to air and oxidative breakdown sets in. Before long, rancidity develops.

To help solve the problem, we've come up with Tenox® TBHQ antioxidant.

It does an outstanding job in stabilizing those oils and fats we've been talking about.

Which means a longer shelf life for chips and other snacks, for example.

And it gives all this protection without color, odor and flavor problems.

What's more, you can combine it with other Tenox antioxidants such as Tenox BHA and BHT for highly effective formulations.

So if polyunsaturate instability is driving you to a breakdown, there's new hope. Tenox TBHQ. Let's talk it over.
