

President's Club and Honor Roll

©VOLK

The members listed here have qualified for either the AOCs President's Club or President's Honor Roll. All current members who successfully recruit at least one new member qualify for Club membership. Successful recruitment of at least three new members is the qualification for the more prestigious Honor Roll. All Club and Honor Roll members will receive further recognition and the opportunity to participate in other special programs and activities. Special forms for use in recruiting new members are available from the AOCs headquarters.

EDIBLE OILS

Highest quality from Wurster & Sanger processing plants

Wurster & Sanger combines the most modern design techniques with proven W&S engineering in the efficient upgrading of edible fats and oils.

Over 300 Wurster & Sanger plants are in operation or under construction in 50 countries. Most of these plants are repeat orders from satisfied customers.

Starting with degumming and continuing through neutralizing, water washing vacuum drying, hydrogenating, winterizing and deodorizing, Wurster & Sanger plants are custom designed to meet specific processing requirements all with heat economy designed into the process.

Of particular interest to the fats and oils industry at this time is the Wurster & Sanger continuous deodorizing system. More than 60 of these high efficiency, low maintenance plants have been put into operation over the past few years. Based on world wide per capita consumption figures, the superior quality oils produced by Wurster & Sanger Continuous Deodorizers reach 300,000,000 people.
