

World Conference on Soaps & Detergents

Montreux, Switzerland • October 9-14, 1977

PURPOSE:

To provide in an extended short course format an educational opportunity especially designed for *operational* and *managerial* personnel. It will not be a scientific conference.

Rochers de Naye at Montreux, Switzerland

SPEAKERS:

All speakers will be invited after careful consideration by the program committee, who will attempt to obtain the best possible speakers in the subject area. There will be no open call for papers.

PROGRAM OUTLINE:

The following general topics are currently being discussed and refined by the program committee.

- I. World Trends in the Soap and Detergent Industry
- II. Raw Materials—Availability and Economics
- III. Processing and Packaging
- IV. Ingredients
- V. Developments in Related Industries
- VI. Performance Testing
- VII. Health, Safety, and Environmental Concerns
- VIII. Conference Summary
