

Corporate Members

Not only do the corporate members of the American Oil Chemists' Society provide dues payments which are used to support the various professional programs of the Society, they do so in spades by paying the larger corporate fees of \$200 a year. In addition, these firms also give invaluable support by paying individual AOCS dues of some employees, by sending their staff members to AOCS meetings and conferences, and by providing time for their staff to work on AOCS programs and committees.

The Society is obviously very appreciative of their support and takes the opportunity to thank all of the current corporate members for these efforts. Others are, of course, encouraged to follow the example of the firms listed below by adding their support to AOCS efforts.

Committee Spotlights

Membership Committee

This administrative committee is charged with the review and approval of all membership applications (active, associate, corporate, student, and emeritus) and with the maintenance and extension of membership. The committee was expanded recently to include an additional subcommittee for membership retention. The executive chairman, T.H. Smouse, is also responsible for emeritus, honorary, and retired member activities. The five subcommittees are as follows:

1. Educational Staff and Students: A. Crecelius (Ch.), J.G. Endres, S.L. Melton, and R.A. Reck
2. Corporate Membership: J.A. Fioriti (Ch.), and S. Smith
3. Individual Associates: A. Herrick (Ch.), R.H. Grinstein, and R.B. Muller
4. Active Members: T.A. Foglia (Ch.), V.C. Witte, H.P. Dupuy, and J. Hasman
5. Membership Retention: C.M. Jansen (Ch.)

Current projects include development of a new membership application form, review of procedures for following up and contacting recently resigned members, and evaluation of techniques for soliciting new members among honored students and faculty members working in the areas of lipid chemistry and biochemistry.

Continuing activities that have been successful in membership promotion and involvement are the President's Club and Reception, the New Member's Breakfast, the automatic payment of one year's dues for nonmembers attending national meetings, and the world conference programs.

The committee, chaired by the vice president of the Society each year, was recently reorganized and is looking to expanded growth of its membership and activities.

David Firestone
 Vice President and Chairman, 1977-78

Call for nominations

Call for nominations

1979 Honored Student Awards

Nominations are now being solicited for the 1979 AOCS Honored Student Awards. Graduate students at any North American institution of higher learning, in any area of science dealing with fats and lipids, who are doing research toward an advanced degree, and who are interested in the areas of science and technology fostered by this Society, are eligible. To receive the award, he/she must remain a registered graduate student and must not have received his/her degree or begun career employment prior to the AOCS meeting he/she is to attend. Selection of awardees is based upon educational qualifications and performance.

The awards provide funds equal to travel costs, plus \$75.00, to permit attendance at the national meeting of the AOCS to be held in San Francisco on April 29 - May 3, 1979.

Nomination forms may be obtained from AOCS Headquarters, 508 S. Sixth St., Champaign, IL 61820.
