

The ISF/AOCS World Congress from April 27-May 1, 1980, will be held in one of the world's major meeting centers - New York City. Approximately 17 million people visit New York each year, many of them to attend one of the 800-plus meetings and conventions held each year.

While the main activity of the World Congress will be the 300 to 400 technical papers expected to be presented, registrants may use their evenings to sample a few of New York's 28,000 restaurants, 35 Broadway theaters, or 100 other night spots featuring entertainment. There also are more than 120 museums and 400 art galleries, many within walking distance of the New York Hilton at Rockefeller Center, headquarters hotel for the Congress. Also within walking distance are many famous stores and shopping districts, including the city's famed Fifth Avenue.

Major attractions for first-time visitors include the United Nations, Statue of Liberty, World Trade Center, Rockefeller Center, the Lincoln Center for the Performing Arts and off-Broadway theater districts.

Persons planning to attend the meeting may obtain a free visitors' guide and map and a calendar of events in the city by writing to the New York Convention and Visitors Bureau, No. 90 E., 42nd St., New York City, 10017, NY USA.

Registration forms and housing reservations will be available early in 1980 from the AOCS, 508 S. Sixth St., Champaign, IL 61820 USA.
