

and Economics" will be the topic for a Northeast Section meeting to be held Tuesday, March 25, 1980, at the Robin Hood Inn in Clifton, NJ.

The speaker will be William Brophy, a member of the process technology group at Chem Systems, Inc., where he is involved in process techno-economic evaluation and planning studies.

His talk will include general background material on production of fatty acids from natural sources, the reasons for considering synthetic production, technology for synthetic production, including the oxo-aldehyde oxidation process, the marketing of synthetics and comparative economics for synthetic versus natural based routes to fatty acids. Mr. Brophy is a graduate of Manhattan College and has an MBA degree in finance from Fairleigh Dickinson University.

Norris to receive Bailey Award

Frank E. Norris has been selected as 1980 recipient of the Alton E. Bailey Award, presented annually by the AOCS North Central Section to recognize research and/or service in the field of fats and oils.

Dr. Norris, who served as president of AOCS in 1973, is a consultant, having retired recently from the research and development unit of Kraft Inc. in Glenview, Illinois. A graduate of the University of Pittsburgh, he has been author of numerous technical papers. Most of his career was spent at Swift & Co. and with Kraft Inc. He is a contributor to *Bailey's Industrial Oil and Fats Products*, a basic reference text in the industry.

Dr. Norris is the 20th recipient of the Bailey Award. Recipients in recent years have been R.O. Feuge, 1979; O.S. Privett, 1978; L.A. Goldblatt, 1977; Raymond Reiser, 1976; and W.M. Cochran, 1975. □

Posing briefly after the December Northeast Section meeting in Mountainside, NJ, are, from left, Manny Eijadi, PVO International; former AOCS President Frank White, Foster Wheeler Corp.; AOCS President Norman Sonntag, Southland Corp.; Ernst Goebel, consultant; and A.M. Rossetto, L.A. Salomon & Bro. Dr. Goebel spoke at the meeting on new concepts in bleaching edible oils; he also is co-chairman for the World Conference on Soya Processing and Utilization to be held during November in Acapulco. Dr. Goebel is a consultant with Sud Chemie A.G., Munich, and Quimica Sumex S.A. de C.V., Mexico City.
