

ERRATA

Corey Mills Ltd. is located in Fredericton, New Brunswick, Canada. Due to a proofreading error, this was incorrectly stated in "Interference of Polar Lipids with the Alkalimetric Determination of Free Fatty Acid in Fish Lipids," by S. Zhou and R.G. Ackman, *JAACS* 73, page 1019 (August 1996).

In "Effect of Dehulling Methods and Desolventizing Temperatures on Proximate Composition and Some Functional Properties of Sesame (*Sesamum indicum* L.) Seed Flour," by V.E. Inyang and J.O. Ekanem, *JAACS* 73 (September 1996), page 1134, the second sentence under the heading *Emulsion capacity and stability* should read as follows: The EC of SDSF was slightly higher (20.4 mL oil/g sample) than that of MDSF (20 mL oil/g sample).
