**Erratum to: J Am Oil Chem Soc (2010) 87:1227–1234**  
**DOI 10.1007/s11746-010-1606-x**

In this article one reference should be changed: On page 1229, below the title ‘FFA content’, the first sentence should be “As described earlier [25], because of its oryzanol content, the measured FFA value of RBO depends on the indicator used for its determination.” Further, in the reference list, the reference [25] should be added as: “[25] Gopala Krishna AG, Hemakumar KH, Khatoon S (2006) Acidity of oryzanol and its contribution to free fatty acids value in vegetable oils. JAOCS 83(12):999–1005.”
