

INDEX OF AUTHORS, 1955

A

- Abramovitch, R. A., and Schofield, K.** Polyazabicyclic compounds. Part I. Preliminary experiments on the Bischler and the Bambergers synthesis of benzo-1 : 2 : 4-triazines, 2326.
- Acheson, R. M., and Sansom, B. F.** The reaction between quinones and anthranilic acids, 4440.
- Adams, W. J., Kirk, D. N., Patel, D. K., Petrow, V., and Stuart-Webb, I. A.** 12-Oxygenated pregnane derivatives. Part V. 12 β : 21-Diacetoxy-17 α -hydroxypregn-4-ene-3 : 20-dione, 870.
- Addison, C. C., Addison, W. E., and Kerridge, D. H.** Liquid metals. Part III. The influence of oxide films on the surface tension of liquid sodium, 3047.
- Addison, C. C., Addison, W. E., Kerridge, D. H., and Lewis, J.** Liquid metals. Part II. The surface tension of liquid sodium : the drop-volume technique, 2262.
- Addison, W. E., and Barrer, R. M.** Sorption and reactivity of nitrous oxide and nitric oxide in crystalline and amorphous siliceous sorbents, 757.
- Addison, W. E.** See also Addison, C. C., 2262, 3047.
- Agius, P. J., and Maccoll, A.** Studies in the pyrolysis of organic bromides. Part II. The pyrolysis of *n*-propyl bromide, 973.
- Albert, A.** Pteridine studies. Part VII. The degradation of 4-, 6-, and 7-hydroxypteridine by acid and alkali, 2690.
- Allan, G. G., and Spring, F. S.** Triterpenoids. Part XXXVI. Reactions of 18 α -olean-12-en-3 β -ol derivatives and observations on the stereochemistry of α -amyrin, 2125.
- Allan, G. G., Spring, F. S., and Stevenson, R.** Triterpenoids. Part XLI. 12-Oxo-13 α -ursan-3 β -yl acetate, 3072.
- Allan, G. G., Spring, F. S., Stevenson, R., and Strachan, W. S.** Triterpenoids. Part XLIII. The constitution of some compounds obtained by the dehydration of α -amyrin and related alcohols, 3371.
- Allan, J. L. H., Jones, E. R. H., and Whiting, M. C.** Researches on acetylenic compounds. Part XLIX. The preparation and ultraviolet absorption spectra of the stereoisomeric conjugated hexadienoic and hexenyonic acids, 1862.
- Allan, J. L. H., Meakins, G. D., and Whiting, M. C.** Researches on acetylenic compounds. Part L. The infrared absorption of some conjugated ethylenic and acetylenic systems, 1874.
- Allan, R. J. P., Forman, R. L., and Ritchie, P. D.** Studies in pyrolysis. Part IV. Model systems for the pyrolysis of poly(ethylene terephthalate) and allied polyesters, 2717.
- Allen, F. L., Brunton, J. C., and Suschitzky, H.** Heterocyclic fluorine compounds. Part II. *Bz*-Monofluoroindoles, 1283.
- Ames, D. E., and Bowman, R. E.** Griseoviridin. Part II, 4264.
- Ames, D. E., Bowman, R. E., Cavalla, J. F., and Evans, D. D.** Griseoviridin. Part I, 4260.
- Ames, D. E., and Grey, T. F.** The synthesis of some *N*-hydroxy-imides, 631. *N*-Hydroxy-imides. Part II. Derivatives of homophthalic and phthalic acids, 3518.
- Amin, E. S.** The polysaccharides of *Chara* (a fresh-water alga). Part I. The isolation and study of *Chara* cellulose, 281. Part II. The isolation and study of *Chara* hemicellulose, 282.
- The polysaccharides of *Colocasia antiquorum* (taro or colocass), 2441.
- Anbar, M., Dostrovsky, I., Klein, F. S., and Samuel, D.** The determination of the isotopic composition of the oxygen in alcohols and related compounds, 155.
- Anderson, D. M. W., and Greenwood, C. T.** Physicochemical studies on starches. Part III. The interaction of starches and branched α -1 : 4-glucosans with iodine; and a valve microvoltmeter for differential potentiometric titrations, 3016.
- Anderson, D. M. W., Greenwood, C. T., and Hirst, E. L.** Physicochemical studies on starches. Part II. The oxidation of starches by potassium metaperiodate, 225.
- Anderson, E. L., and Holliman, F. G.** 2-*o*-Hydroxymethylphenyl-2-phenylpropan-1-ol and its reaction with hydrogen bromide, 181.
- Anderson, J. M., and Percival, E.** The ammonolysis of methyl 2 : 3-anhydro-D-lyxofuranoside, 1042.
- Anderson, J. S., Roberts, L. E. J., and Harper, E. A.** The oxides of uranium. Part VII. The oxidation of uranium dioxide, 3946.
- Andrews, P., and Jones, J. K. N.** The isolation of oligosaccharides from gums and mucilages. Part IV. The isolation of 3-*O*- β -L-arabopyranosyl-L-arabinose from lemon gum, 583.
- Anet, F. A. L., and Robinson, Sir R.** Alkaloids of Australian *Strychnos* species. Part II. The constitution of strychnospermine and spermostrochnine, 2253.
- Ansell, M. F., Davis, M. A., Hancock, J. W., Hickinbottom, W. J., Holton, P. G., and Hyatt, A. A.** The synthesis and reactions of branched-chain hydrocarbons. Part IX. The preparation of some branched-chain alcohols and ketones, 2705.
- Ansell, M. F., Hickinbottom, W. J., and Holton, P. G.** The synthesis and reactions of branched-chain hydrocarbons. Part VI. The free-radical dimerisation of some esters and ketones, 349.
- Ansell, M. F., Hickinbottom, W. J., and Hyatt, A. A.** The synthesis and reactions of branched-chain hydrocarbons. Part VII. The preparation and pinacol rearrangement of some $\alpha\beta$ -acetylenic ditertiary glycols, 1592. Part VIII. The pinacol rearrangement of an aliphatic tetraol, 1781.
- Arcus, C. L.** The stereoisomerism of addition polymers. Part I. The stereochemistry of addition and configurations of maximum order, 2801.
- Arcus, C. L., and Bennett, G. J.** The mechanism of the rearrangement of pinonic acid into homoterpenyl methyl ketone, 2627.
- Arcus, C. L., and Lucken, E. A.** Reactions of organic azides. Part IV. The conversion of 9-alkylfluoren-9-ols into 9-alkylphenanthridines, 1634.
- Arcus, C. L., and Smyth, D. G.** Olefinic additions with asymmetric reactants. Part III. The resolution and addition reactions of 3-ethylhept-3-en-2-ol. A partial asymmetric synthesis effected by hydrogenation, 34.
- Aroney, M., and Le Fèvre, R. J. W.** "Diazoperbromides," 1630.
- The allegedly isomeric diazo-derivatives from "dehydrothioparatoluidine" (2-*p*-aminophenyl-6-methylbenzothiazole), 2138.
- Aroney, M., Le Fèvre, R. J. W., and Werner, R. L.** Infrared absorption characteristic of diazonium cations, 276.
- Arshid, F. M., Giles, C. H., McLure, E. C., Ogilvie, A., and Rose, T. J.** Studies in hydrogen-bond formation. Part II. The use of refractive-index measurements to detect intermolecular complex formation in solution. (With an appendix. By John C. Eaton), 67.
- Arthur, H. R.** A new optically active flavanone from the leaves of *Rhododendron farrerae*, Tate, 3740.
- Arumugam, N.** See Govindachari, T. R., 2534.
- Asperger, S., and Pavlović, D.** The kinetics and mechanism of the reaction of potassium ferrocyanide and nitrosobenzene catalysed by mercuric and mercurous ions and organic mercuric compounds, 1449.
- Aspinall, G. O., Hirst, E. L., and McArthur, W.** The constitution of a modified starch from malted barley, 3075.
- Aspinall, G. O., Hirst, E. L., and Warburton, M.** The alkali-soluble polysaccharides of the lichen *Cladonia alpestris* (reindeer moss), 651.

- Aspinall, G. O., Hirst, E. L., and Wickstrom, A.** Gum ghatti (Indian gum). The composition of the gum and the structure of two aldobiouronic acids derived from it, 1160.
- Aspinall, G. O., and Telfer, R. G. J.** Studies on fructosans. Part VI. The degradation of fructosans in aqueous solution, 1106.
- Atkinson, C. M., and Taylor, A.** Cinnolines and other heterocyclic types in relation to the chemotherapy of trypanosomiasis. Part X. The quaternisation of 4-amino-cinnolines, 4236.
- Avis, P. G., Bergel, F., and Bray, R. C.** Cellular constituents. The chemistry of xanthine oxidase. Part I. The preparation of a crystalline xanthine oxidase from cow's milk, 1100.
- Avison, A. W. D.** The synthesis of acyl phosphates in aqueous solution, 732.
- Ayer, W. A., and Taylor, W. I.** The constitution of some 3-methylcyclohex-2-enone dimers, 2227.
- Carissonne, 3027.**
- Aynsley, E. E., and Watson, R. H.** The reaction between tellurium and dichlorodifluoromethane, 576.
- The preparation and properties of tellurium dibromide, 2603.
- B**
- Backhouse, A. J., and Bradley, W.** Cyclisation of 3-arylmecobenzanthrones to 4:5-9:10-dibenzopyrene-3:8-quinone and its derivatives, 849.
- Backhouse, A. J., Bradley, W., and Sutcliffe, F. K.** The direct hydroxylation of 6-phenylmesobenzanthrone and two benzo-derivatives of mesobenzanthrone, and some related reactions, 91.
- Baddar, F. G., El-Assal, L. S., and Baghos, V. B.** 1-Phenyl-naphthalenes. Part II. The cyclisation of ethyl hydrogen γ -di-*o*-methoxyphenyl- and γ -di-*p*-methoxyphenylitaconate to the corresponding 1-phenyl-naphthalenes, 1714.
- Baddar, F. G., El-Assal, L. S., and Doss, N. A.** Phenylpropionic acids. Part IV. The self-condensation of *o*- and *p*-tolyl- and *o*-chlorophenyl-propionic acids, 461.
- Baddar, F. G., El-Assal, L. S., and Habashi, A.** β -Aroyl-propionic acids. Part IV. The action of Grignard reagents on succinic anhydride: β -arylpropionic acids and their esters, 456.
- Baddar, F. G., Fahim, H. A., and Fleitel, A. M.** β -Aroylpropionic acids. Part V. The synthesis of β -aryloyl- α -methylpropionic acids, and their conversion into polynuclear compounds, 2199.
- 1-Phenyl-naphthalenes, 3302.
- Baddar, F. G., Fahim, H. A., and Galaby, M. A.** Phenylpropionic acids. Part V. Self-condensation of *m*-alkoxy- and 3:4-dialkoxy-phenylpropionic acids, 465.
- Baddar, F. G., and Sawires, Z.** β -Aroylpropionic acids. Part VI. Absorption spectra as a tool for confirming the structure of some tetra-arylbutadienes and tetra-aryl-tetrahydrofurans, 4469.
- Baddar, F. G.** See also Fahim, H. A., 317.
- Baddiley, J., and Jamieson, G. A.** Synthesis of *S*-(5'-deoxyadenosine-5')-homocysteine, a product from enzymic methylations involving "active methionine," 1085.
- Badger, G. M., and Buttery, R. G.** Aromatic azo-compounds. Part VII. The synthesis and absorption spectra of some azoquinolines, 2816.
- Baghos, V. B.** See Baddar, F. G. 1714.
- Bagnall, K. W., D'Eye, R. W. M., and Freeman, J. H.** The polonium halides. Part I. Polonium chlorides, 2320. Part II. Bromides, 3959.
- Bagnley, M. E., France, H., Linstead, R. P., and Whalley, M.** Conjugated macrocycles. Part XXVI. Octamethyl-tetrazaporphin, 3521.
- Bailey, A. S., Polgar, N., Tate, F. E. G., and Wilkinson, A.** Methyl-substituted α -unsaturated acids. Part II, 1547.
- Bain, W. C., and Ritchie, P. D.** Studies in pyrolysis. Part V. Pyrolysis of 1-anilino-cycloalkancarboxylic acids, 4407.
- Baines, J. E., and Eaborn, C.** Organosilicon compounds. Part XVI. The alkaline hydrolysis of triorganomonosilanes, 4023.
- Baker, B. W., Linstead, R. P., and Weedon, B. C. L.** Anodic syntheses. Part XIV. The use of acetylenic components. A new synthesis of oleic acid, 2218.
- Baker, J. A.** See King, F. E., 1338.
- Baker, J. W., and Heggs, T. G.** Hydrolytic decomposition of esters of nitric acid. Part V. The effects of structural changes in araliphyl nitrates on the S_N and E_{CO} reactions, 616.
- Baker, J. W., and Neale, A. J.** Hydrolytic decomposition of esters of nitric acid. Part IV. Acid hydrolysis, and the effects of change in the nucleophilic reagent on the S_N and E_{CO} reactions, 608.
- Baker, W., and Miles, D.** The red colour given by coal-tar phenols and aqueous alkalis. Isolation of a quinone derived from a tetrahydroxytetramethyl-diphenyl, 2089.
- Balasubramanian, M., and Baliah, V.** Preparation of some bisaminoaryl sulphones, 1251.
- Balasubramanian, M., Baliah, V., and Rangarajan, T.** Synthesis of β -amino-sulphones and $\alpha\beta$ -unsaturated sulphones. Part II, 3296.
- Balenovič, K., and Cerar, D.** Configuration of (+)- γ -aminovaleric acid. Conversion of L-alanine into its vinylgogue, 1631.
- Baliah, V.** See Balasubramanian, M., 1251, 3296.
- Ballinger, P., de la Mare, P. B. D., Kohnstam, G., and Prestt, B. M.** The reaction of chlorodimethyl ether with ethanol and with ethoxide ions, 3641.
- Banks, A. A., and Maddock, J. J.** The determination of the density of liquid bromine pentafluoride, 2779.
- Barakat, M. Z., Shehab, S. K., and El-Sadr, M. M.** *N*'-2:4-Dinitrophenyl-*NN*-phtaloylhydrazine, 3299.
- Barb, W. G.** Interconversions of itaconic and citraconic anhydride in amine solutions, 1647.
- The kinetics and mechanism of the polymerization of ethyleneimine, 2564.
- Some aspects of the polymerization and depolymerization of *N*-substituted ethyleneimines, 2577.
- Barbour, J. B., Lourens, W. A., Warren, F. L., and Watling, K. H.** The euphorbia resins. Part IX. Corresponding isomerisations in tirucalol and euphorbol, 2194.
- Barclay, J. L., Foster, A. B., and Overend, W. G.** Deoxy-sugars. Part XXVIII. The stability of some substituted glycosylamines in aqueous and non-aqueous solvents, 1541.
- Carbohydrate phosphates. Part I. Synthesis of derivatives of some aldehydo-sugar phosphates, 2505.
- Barker, C. C., Emmerson, R. G., and Periam, J. D.** The monosubstitution of triphenylene, 4482.
- Barker, G. R., Noone, T. M., Parsons, M. A., Pickstock, L., and Smith, D. C. C.** The constitution of yeast ribonucleic acid. Part XVI. The nature of methylated yeast ribonucleic acid and its stability to alkalis, 2005.
- Barker, G. R., Noone, T. M., Smith, D. C. C., and Spoons, J. W.** The chemistry of ribose and its derivatives. Part V. The synthesis of methyl ethers by partial methylation, 1327.
- Barker, G. R., and Smith, D. C. C.** The chemistry of ribose and its derivatives. Part IV. 2:3-Di-*O*-methyl-D-ribose, 1323.
- Barker, S. A., Bourne, E. J., Hewitt, G. C., and Stacey, M.** Studies of *Aspergillus niger*. Part IV. The synthesis of β -linked glucosaccharides, 3734.
- Barker, S. A., Bourne, E. J., James, A. E., Neely, W. B., and Stacey, M.** Immunopolysaccharides. Part V. Structure of a modified *Betacoccus arabinosae* dextran, 2096.
- Barker, S. A., Bourne, E. J., and Theander, O.** Separations of carbohydrates on charcoal columns in the presence of borate, 4276.
- Barlow, G. B., Stacey, M., and Tatlow, J. C.** The reactions of highly fluorinated organic compounds. Part IX. 1*H*-Decafluoro-4-trifluoromethylcyclohexane, nonafluoro-4-trifluoromethylcyclohex-1-ene, and perfluoro-(3-methyladipic) acid, 1749.
- Baron, F., and Brown, D. M.** Nucleotides. Part XXXIII. The structure of cytidylic acids *a* and *b*, 2855.
- Barr, D. A., and Hasseldine, R. N.** Perfluoroalkyl derivatives of nitrogen. Part I. Perfluoro-2-methyl-1:2-oxazetidine and perfluoro(alkylenealkylamines), 1881. Part II. Bisperfluoroalkylamines, 2532.
- Studies in spectroscopy. Part VIII. The N-H vibration in secondary amines, 4169.
- Barrer, R. M., and Sammon, D. C.** Exchange equilibria in crystals of chabazite, 2838.
