

**Infrared and Nuclear Magnetic Resonance Study of the Acetic Anhydride-Sulphuric Acid System. An Acknowledgement**

By **C. J. Clemett**, Port Sunlight Laboratory, Unilever Ltd.,  
Port Sunlight, Wirral, Cheshire L62 4XN

SINCE the publication of the above paper<sup>1</sup> it has been brought to my attention that similar studies<sup>2,3</sup> had been published only a short time earlier. I regret that these publications were overlooked and were therefore not given due acknowledgement. I would like to set the record straight by referring those interested to the above-mentioned work.
