Communications in Physical Organic Chemistry

Following the highly successful introduction of a communications section into the journal *Perkin Transactions 1*, we are pleased to announce that from January 1992 the same facility will be offered in the sister journal *Perkin Transactions 2*. Scientists having results in all areas of physical organic chemistry that warrant urgent publication should send three copies of the manuscript to the following address:

Dr. Sheila R. Buxton
Royal Society of Chemistry
Thomas Graham House
Science Park
Milton Road
Cambridge CB4 4WF, UK

Authors should provide written justification for urgent publication and, where appropriate, key experimental data should be included in the paper.
