CORRECTIONS

Neil A. Dotson: Correlations in Nonlinear Free-Radical Polymerizations: Substitution Effect. Volume 25, Number 1, January 6, 1992, pp 308-321.

Equations A1.2, A1.3, A1.4, and A1.7 are missing minus signs and should read as follows:

$$\frac{df_A}{dp} = -\frac{1}{1-p} \frac{dA_2}{d(A_2 + B_2)} + f_{A1} \frac{1}{1-p} \quad (\text{A1.2})$$

$$-\frac{dp}{1-p} = \frac{df_A}{\frac{dA_2}{d(A_2 + B_2)} - f_A} \quad (\text{A1.3})$$

$$-\frac{dp}{1-p} = \frac{df_A}{2F_A - f_A} \quad (\text{A1.4})$$

$$-\frac{dp}{1-p} = -\frac{(r-1)df_A}{(r-1)f_A - (r-2)} + \frac{rdf_A}{f_A[(r-1)f_A - (r-2)]} \quad (\text{A1.7})$$

Also, note that eq A3.7 defines $E(N_{B_2}^{\text{out}}|_r p)$, not $E(N_{B_2}^{*\text{out}}|_r p)$ as was printed. These were misprints and so neither the equations that followed nor the results are affected.

W. H. Starnes, Jr.,* B. J. Wojciechowski, A. Velazquez, and G. M. Benedikt: Molecular Microstructure of the Ethyl Branch Segments in Poly(vinyl chloride). Volume 25, Number 14, July 6, 1992, p 3638.

Structure 2 should appear as follows:
