The journal is published quarterly in one volume per year, with issues numbered serially since Volume 1, Number 1. Annual subscription rates are: list \$36, institutional member \$24, individual AMS member \$10, member of CBMS organizations \$15. All back volumes are available; list prices per volume are as follows: \$20 for Vols. 1–19 (1943–1965); \$24 for Vols. 20–23 (1966–1969); \$30 for Vols. 24–26 (1970–1972); \$36 for Vol. 27 (1973); and \$54 for Vol. 28 (1974).

Back volumes of *Mathematics of Computation* are available on 16 mm. microfilm. Volumes 1–28 (1943–1974) are available as a set; prices are \$225 for spools and \$237 for cartridges (either Eastman or 3M). Only current subscribers will be eligible to purchase back volumes on microfilm.

### Unpublished Mathematical Tables

The editorial office of the journal maintains a repository of Unpublished Mathematical Tables (UMT). When a table is deposited in the UMT repository a brief summary of its contents is published in the section *Reviews and Descriptions of Tables and Books*. Upon request, the chairman of the editorial committee will supply copies of any table for a nominal cost per page.

**Information for Contributors**

Manuscripts should be typewritten double-spaced in the format used by the journal. For journal abbreviations, see the latest *Mathematical Reviews* volume index. An author should submit the original and one copy of the manuscript and retain one copy. The author may suggest an appropriate editor for his paper. It is recommended that the author acquaint himself with the pertinent material contained in "Information for Contributors to Mathematics of Computation" and "Manual for Authors," both of which are available upon request from the American Mathematical Society. All contributions intended for publication and all books for review should be addressed to James H. Bramble, Chairman, Editorial Committee, Mathematics of Computation, Department of Mathematics, Cornell University, Ithaca, New York 14850. Institutions sponsoring research reported in the journal are assessed page and microfiche charges. Each article submitted for publication must be accompanied by a brief and reasonably self-contained abstract, and by AMS (MOS) subject classification numbers. If a list of key words and phrases is included, it will be printed as a footnote on the first page. A list of the classification numbers may be found in the Index to Mathematical Reviews, Volume 39 (June 1970).
