NOTE

Under the heading *Congruence of Sets*, the following four monographs have been reprinted in a single volume:

On The Congruence of Sets and Their Equivalence by Finite Decomposition, by W. SIERPINSKI.

The Mathematical Theory of the Top, by F. KLEIN.

Graphical Methods, by C. RUNGE.

Introduction to the Theory of Algebraic Equations, by L. E. DICKSON.

Chelsea Publishing Company, Bronx, New York, 1967, 342 pp., 21cm. Price $6.50.
