

NOTE
IFIP CONGRESS 71

The Fifth Congress of the International Federation for Information Processing will be held in the Sports Palace Tivoli, Ljubljana, Yugoslavia, on Monday through Saturday, August 23–28, 1971, at the invitation of the Yugoslav Federal Committee for Information Processing.

The main objectives of the Congress are to foster information exchange on accomplishments and problems and to stimulate research in the activities encompassed by IFIP. In keeping with the practice established for IFIP Congresses the program will have two kinds of presentations:

Invited papers, consisting of one hour surveys of broad fields and half hour discussions of recent advances in topics of special interest.

Submitted papers, making up the largest part of the program, reporting on original work or new results in information processing.

As an aid in dealing with submissions, the Program Committee has set up seven major areas. Contributions for the submitted part of the program on any of the topics listed, or on related topics falling within the range of interest of IFIP, are solicited. Papers should be strongly related to the design or use of computers.

List of Categories for Classification of Papers

1. Numerical Mathematics.
2. Mathematical Foundations of Information Processing.
3. Computer Software.
4. Computer Hardware and Systems.
5. Systems for Management and Administration.
6. Technological Applications.
7. Sciences and Humanities.

All the submitted papers will be refereed. Each contributor should arrange for necessary company or security clearances before submitting his paper. Authors should forward seven copies of a 100-word abstract in English, along with four draft copies of the full text of the paper. The text should not exceed 3000 words, and should be typewritten, double-spaced, on one side of the sheet. The first page must carry the following information:

Title of the paper;

Name, country, affiliation and mailing address of the author(s);

Area of the paper according to the above classification of the IFIP Congress topics (only one should be given);

Language of oral presentation (English, French, Russian, or Spanish);

A statement of originality, e.g. a clear indication of the newness of the results or of the approach, and an assurance that the paper or any version close to it is not being offered elsewhere for publication.

A full set of illustrations, properly keyed to the text, must be included with every copy, but the figures need not be in a finished form, suitable for reproduction.

Submissions should be directed not later than November 30, 1970, to one of the following addresses, whichever is most convenient:

Academician V. M. Glushkov
Chairman
IFIP Congress 71 Program Committee
Institute of Cybernetics
Ukrainian Academy of Sciences
Kiev 28, U.S.S.R.

Professor C. C. Gotlieb
Vice-Chairman
IFIP Congress 71 Program Committee
Institute of Computer Science
University of Toronto
Toronto, Canada

Professor H. Zemanek
Vice-Chairman
IFIP Congress 71 Program Committee
IBM Laboratory Vienna
Parkring 10
A-1010 Wien 1, Austria

Authors will be notified of acceptance or rejection, and of recommended modifications by April 1, 1971.

STATEMENT OF OWNERSHIP, MANAGEMENT, AND CIRCULATION

(Act of October 23, 1962; Section 4369, Title 39, United States Code)

1. Date of filing: October 1, 1970
2. Title of Publication: Mathematics of Computation
3. Frequency of issue: Quarterly
4. Location of known office of publication: 321 South Main Street, P. O. Box 6248, Providence, Rhode Island 02904
5. Location of the headquarters or general business offices of the publishers: 321 South Main Street, P. O. Box 6248, Providence, Rhode Island 02904
6. Names and addresses of publisher, editor, and managing editor: Publisher: American Mathematical Society, 321 South Main Street, P. O. Box 6248, Providence, Rhode Island 02904; Editor: Eugene Isaacson, Chairman of Editorial Committee, New York University, 251 Mercer Street, New York, New York 10012; Managing Editor: Mrs. Christine Lefian, American Mathematical Society, P. O. Box 6248, Providence, R. I. 02904
7. Owner: American Mathematical Society, P. O. Box 6248, 321 South Main Street, Providence, R. I. 02904
8. Known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities: None
9. The purpose, function and nonprofit status of this organization and the exempt status for Federal income tax purposes have not changed during the preceding 12 months
10. Extent and nature of circulation

	Average number of copies of each issue during preceding 12 months	Actual number of copies of single issue pub'd nearest to filing date
A. Total No. copies printed	3,800	3,800
B. Paid circulation		
1. Sales through dealers and carriers	1,458	963
2. Mail subscriptions	1,199	1,160
C. Total paid circulation	2,657	2,123
D. Free distribution	34	35
E. Total distribution	2,691	2,158
F. Office use	1,109	1,642
G. Total	3,800	3,800

I certify that the statements made by me above are correct and complete.—Lincoln K. Durst
