

ANNOUNCING...

MathSci™ on CD-ROM

Now you can access *Mathematical Reviews (MR)* and *Current Mathematical Publications (CMP)* on CD-ROM (Compact Disc-Read Only Memory). The CD, called MathSci Disc, will combine the searching features of online MathSci with the browsing ease of printed MR. For a fixed annual fee, MathSci Disc can be used at leisure without access charges or telephone connections.

Semi-Annual Issue

MathSci Disc will be produced by SilverPlatter® and will be issued semi-annually. The first MathSci Disc, available in January 1989, will contain all the reviews and abstracts from MR 1985 through 1988 and over 50,000 entries from CMP. The July disc will have all the information on the January disc plus the January-June updates. Access to current information between successive CD issues is available online from MathSci, which is updated monthly on DIALOG, BRS, and ESA.

Easy-to-Operate

MathSci Disc will be available for both the IBM PC and the Macintosh. SilverPlatter's user-friendly CD software with help screens and menus will make MathSci Disc easy to use. Words and phrases in the text of the reviews and abstracts will be searchable with an adjacency operator. Records can be downloaded from the CD to the hard disk for editing or for processing with \TeX software into typeset form with mathematics.

Fixed Cost

The MathSci Disc annual lease fee will include the January and the July issues of MathSci Disc, the SilverPlatter search software for the IBM or the Macintosh, the SilverPlatter search manual with a MathSci Disc chapter, and a toll-free help line.

The 1989 MathSci Disc will be available at a low annual lease fee, equal to that of the printed MR:

Nonmembers: List price - \$3,510*	AMS members & MR subscribers:
additional leases - \$2,106*	AMS Members: \$2,808*
	MR subscribers: \$2,106*
	AMS members with an MR or first MathSci Disc subscription: \$1,685*

Individuals at institutions subscribing to MathSci Disc can order a copy for personal use at a 90% discount: \$351*. (*Plus shipping & handling for addresses outside the U.S. and Canada.)

For more information on MathSci Disc or to receive a copy of the lease agreement, please contact Taissa Kusma, Head, Database Services, American Mathematical Society, P. O. Box 6248, Providence, RI 02940 or call (800) 556-7774 in the continental U.S. or (401) 272-9500. Internet: TTK@MATH.AMS.COM; Telex: 797192; FAX: 401-331-3842.

Look what's new in

Mathematical Surveys and Monographs

The Mathematical Surveys and Monographs series is one you're already familiar with. It's been around since 1943, when **The Problem of Moments** by J. A. Shohat and J. D. Tamarkin was published. The series has grown over the years and includes important mathematical monographs that cover a broad spectrum of areas such as function theory, analysis, approximation theory, algebra, and topology. Each of the books is designed to give a survey of the subject and a brief introduction to its recent developments and unsolved problems.

The editorial committee...

Victor W. Guillemin
David Kinderlehrer

M. Susan Montgomery (Chairman)

...invites you to participate in the development of this classic series by

- consulting them as reference books
- recommending them to your library to begin a standing order
- using books in this series in your courses
- submitting manuscripts for publication to the Director of Publication at the AMS

New and Recent Publications in Mathematical Surveys and Monographs

Each new title is exceptional. All are the high quality mathematical publications you've grown to expect in the Mathematical Surveys and Monographs series. Yet the variety of topics and areas of mathematical interest make them perfect reference books or possible textbooks for graduate level courses.

Standing orders are accepted for this and any other series published by the Society. Proforma invoices are sent to standing order customers prior to the publication of each new volume. Shipment is made upon receipt of payment and publication. To begin a standing order, please contact the Member Services Department of the AMS.

PREPAYMENT REQUIRED. Order from the American Mathematical Society, P. O. Box 1571, Annex Station, Providence, RI 02901-1571, or call 800-556-7774 from within the continental U. S. (401-272-9500, elsewhere) to use VISA or MasterCard. Prices subject to change. Please add for SHIPPING AND HANDLING: first book \$2, each additional \$1, \$25 maximum. By air, first book \$5, each additional \$3, \$100 maximum.

Cumulative Index to Mathematics of Computation 1970-84

NOW AVAILABLE –

Author and Subject Indexes in One Volume

This index is a sequel to the Cumulative Index to Mathematics of Computation 1943-1969. It is a compilation by author and subject of all material appearing in Mathematics of Computation during the years 1970-1984 (volumes 24-43).

The author index gives full bibliographic information on all of the items, including classification numbers. The Mathematical Reviews number and reviewer name have also been provided when available. The subject index is changed from the 1943-1969 subject index and now includes title, language, and MR number (when available) as well as author name. The codes found in the previous index are retained.

Introducing...

A New Translation Journal in Mathematics

SUGAKU EXPOSITIONS

Sugaku Expositions is a new translation journal now available from the American Mathematical Society. The journal is published biannually, and began with the 1988 issues. Volume 1 is the 1988 volume; Volume 2 will be published in 1989. Each issue of *Sugaku Expositions* contains several expository articles, translated from the Japanese journal *Sūgaku*, which provide highly informative accounts of a variety of current areas of research.

As with all AMS publications, *Sugaku Expositions* is printed on acid-free paper to ensure long life for your mathematical collection.

ISSN 0898-9583

List price \$60*, Institutional member \$48*,
Individual member \$36*

To order, please specify 88SUGA/MC
(Vol. 1) or 89SUGA/MC (Vol. 2)

Add for postage: for destinations outside U.S. and India \$8,
to India \$13; air delivery to North America \$12, elsewhere \$17.

* Price applies to Volume 1 (1988) and Volume 2 (1989).

Selected Papers from Volume 1

- *Finiteness theorems/Riemannian manifolds of negative curvature* by K. Fukaya
- *Self-similar process and limited theorem* by M. Maejima
- *Hartshorne conjecture and extremal ray* by S. Mori
- *Solvable lattice models of dim. 2 and modular functions* by M. Okado, M. Jimbo, and T. Miwa
- *Theory of computable quantities and proof theory* by G. Takeuti
- *Irreducibility of Painlevé transcendental functions* by J. Umemura
- *Schwarz program* by M. Yoshida

Prepayment required. Mail to: American Mathematical Society, P. O. Box 1571, Annex Station, Providence, RI 02901-1571 or call 800-556-7774 to use VISA or MasterCard.

Sample Copies: To request a sample copy, use order code SUGAEXAM/MC. Mail to AMS, ATTN: Member Services, P. O. Box 6248, Providence, RI 02940

Note: Subscriptions to AMS journals are sold only on a calendar year basis (January-December). Split year and multiple year subscription orders will not be accepted.
