

**37[11-06, 11B37, 11B39].**—G. E. BERGUM, A. N. PHILIPPOU & A. F. HORADAM (Editors), *Applications of Fibonacci Numbers*, Vol. 3, Kluwer, Dordrecht, 1990, xxiv + 357 pp., 24  $\frac{1}{2}$  cm. Price \$99.00/Dfl.195.00.

This volume is made up of 36 of the 45 papers presented at the Third International Conference on Fibonacci Numbers and their Applications held in Pisa, Italy, from July 25 to July 29, 1988. These papers discuss applications of the Fibonacci numbers to such areas as: numerical analysis, elementary number theory, group theory, combinatorics, graph theory, cryptography, and many others.
