SLEEP: BIOLOGICAL AND MEDICAL PERSPECTIVES

Sponsored by the Collège International de Recherche Servier

Madeleine Derôme-Tremblay, PhD, President

Theodore B. VanItallie, MD

Guest Editor

CONTENTS

| | |
|---|-----|
| Foreword | |
| <i>Madeleine Derôme-Tremblay</i> | S1 |
| Neurobiology of Sleep | |
| <i>Madhu Kalia</i> | S2 |
| Genetics of the Sleep-Wake Cycle and Its Disorders | |
| <i>Pavel Hamet and Johanne Tremblay</i> | S7 |
| The Pharmacology of Wakefulness | |
| <i>Diane B. Miller and James P. O'Callaghan</i> | S13 |
| Sleep Deprivation as a Neurobiologic and Physiologic Stressor: Allostasis and Allostatic Load | |
| <i>Bruce S. McEwen</i> | S20 |
| Metabolic Mechanism of Wakefulness (and Hunger) and Sleep (and Satiety): Role of Adenosine Triphosphate and Hypocretin and Other Peptides | |
| <i>Stylianos Nicolaidis</i> | S24 |
| Sleep and Energy Balance: Interactive Homeostatic Systems | |
| <i>Theodore B. VanItallie</i> | S30 |
| Narcolepsy and the Hypocretins | |
| <i>Richard J. Wurtman</i> | S36 |
| Sleep Disorders in Psychiatry | |
| <i>Jorge Alberto Costa e Silva</i> | S40 |
| Sleep and Vascular Disorders | |
| <i>Gérard E. Plante</i> | S45 |
| The Interdependence of Sleep and Health—A Commentary | |
| <i>Claude Lenfant</i> | S50 |
