

## NOTICE TO AUTHORS

By the decision of *Mikrobiologiya's* editorial board, the premiums in the annual contest were awarded to the authors of the following papers published in 2002:

### EXPERIMENTAL ARTICLES AND SERIES OF ARTICLES

#### A SERIES OF ARTICLES

1. A.L. Mulyukin, V.V. Sorokin, N.G. Loiko, N.E. Suzina, V.I. Duda, E.A. Vorob'eva, and G.I. El'-Registan, Comparative Study of the Elemental Composition of Vegetative and Resting Microbial Cells, no. 1, pp. 37–48.

2. A.L. Mulyukin, V.V. Sorokin, E.A. Vorob'eva, N.E. Suzina, V.I. Duda, V.F. Gal'chenko, and G.I. El'-Registan, Detection of Microorganisms in the Environment and the Preliminary Appraisal of Their Physiological State by X-Ray Microanalysis, no. 6, pp. 836–848.

#### A SERIES OF ARTICLES

1. E.V. Lapygina, L.V. Lysak, and D.G. Zvyagintsev, Tolerance of Soil Bacterial Complexes to Salt Shock, no. 2, pp. 171–175.

2. Yu.V. Zakalyukina, G.M. Zenova, and D.G. Zvyagintsev, Acidophilic Soil Actinomycetes, no. 3, pp. 399–403.

3. I.G. Shirokikh, G.M. Zenova, and D.G. Zvyagintsev, Actinomycetes in the Rhizosphere of Barley Grown on Acid Soddy Podzolic Soil, no. 4, pp. 533–537.

4. G.M. Zenova, and D.G. Zvyagintsev, Actinomycetes of the genus *Micromonospora* in Meadow Ecosystems, no. 5, pp. 662–666.

5. A.M. Polyanskii, A.V. Golovchenko, L.M. Polyanskaya, and D.G. Zvyagintsev, New Criteria for the Evaluation of Soil Bacterial Complexes, no. 5, pp. 675–680.

#### EXPERIMENTAL ARTICLE

1. T.A. Pivovarova, T.F. Kondrat'eva, S.G. Batrakov, S.E. Esipov, V.I. Sheichenko, S.A. Bykova, A.M. Lysenko, and G. I. Karavaiko, Phenotypic Features of *Ferroplasma acidophilum* Strains Y<sup>T</sup> and Y-2, no. 6, pp. 809–818.

#### REVIEW PAPER

S.N. Dedysh, Methanotrophic Bacteria of Acidic *Sphagnum* Peat Bogs, no. 6, pp. 741–754.

Applications for the contest of papers published in 2003 are to be submitted by March 1, 2004 in compliance with the contest constitution (see *Mikrobiologiya*, 1995, vol. 64, no. 4, p. 576).
