

## Information for Authors

By the decision of *Mikrobiologiya's* editorial board, the premiums in the annual contest have been awarded to the authors of the following papers published in 2004:

### EXPERIMENTAL ARTICLES AND SERIES OF ARTICLES

#### A SERIES OF ARTICLES

1. E.A. Begunova, O.A. Stepnaya, I.M. Tsfasman, and I.S. Kulaev, The Effect of the Extracellular Bacteriolytic Enzymes of *Lysobacter* sp. on Gram-Negative Bacteria, no. 3, pp. 320–325.
2. O.A. Stepnaya, E.A. Begunova, I.M. Tsfasman, E.M. Tul'skaya, G.M. Streshinskaya, I.B. Naumova, and I.S. Kulaev, The Mechanism of Action of the Extracellular Bacteriolytic Enzymes of *Lysobacter* sp. on Gram-Positive Bacteria: The Role of the Cell Wall Anionic Polymers of Target Bacteria, no. 4, pp. 479–485.

#### A SERIES OF ARTICLES

1. S.V. Tsygankova, E.S. Boulygina, B.B. Kuznetsov, S.S. Khabibulin, E.V. Doroshenko, E.V. Korotkov, and

G.I. El'-Registan, Obtaining of Intrapopulation Disso-  
cians of Some Bacilli and the Use of DIR-PCR for Their  
Identification, no. 3, pp. 398–405.

2. N.E. Suzina, A.L. Mulyukin, A.N. Kozlova, A.P. Shorokhova, V.V. Dmitriev, E.S. Barinova, O.N. Mokhova, G.I. El'-Registan, and V.I. Duda, Ultrastructure of Resting Cells of Some Non-Spore-Forming Bacteria, no. 4, pp. 516–529.

### EXPERIMENTAL ARTICLE

V.M. Gorlenko, I.A. Bryantseva, E.E. Panteleeva, T.P. Tourova, T.V. Kolganova, Z.K. Makhneva, and A.A. Moskalenko, *Ectothiorhodosinus mongolicum* gen. nov., sp. nov., a New Purple Bacterium from a Soda Lake in Mongolia, no. 1, pp. 80–88.

### REVIEW PAPER

M.L. Miroshnichenko, Thermophilic Microbial Communi-  
ties of Deep-Sea Hydrothermal Vents, no. 1, pp. 5–18.

Applications for the contest regarding papers published in 2005 are to be submitted by March 1, 2006, in compliance with the contest constitution (see *Mikrobiologiya*, 1995, vol. 64, no. 4, p. 576).
