Aims and Scope

Primarily fundamental in tenor, MCLC publishes original research papers of both an experimental and theoretical nature in three areas of specialization: molecular crystals (spectroscopy, energy, and charge transfer, solid state reactions, photo and radiation effects); low-dimensional solids (structure, electronic magnetic, and optical properties, transport mechanisms); and liquid crystals (electro and magneto-optical phenomena, thermodynamics, phase transitions, structure, NMR and orientation controlled spectroscopy). In all three areas, experimental manuscripts describing both preparation and properties will be considered.

The **Letters Section** publishes short research communications in the above three areas. Its aim is to achieve rapid dissemination of important new information even when results are of a preliminary nature.

ORDERING INFORMATION

Published monthly. Subscriptions are renewed on an annual basis. 1995 Volume 258–274.

Molecular Crystals and Liquid Crystals is Section A of the combined title *Molecular Crystals and Liquid Crystals Science and Technology*. Other journals offered in this collection will be Section B: *Nonlinear optics*; Section C: *Molecular Materials*; and Section D: *Display and Imaging*. Please contact the publisher for further details.

Orders may be placed with your usual supplier or with International Publishers Distributor at one of the addresses shown below. Journal subscriptions are sold on a per volume basis only; single issues of the current volume are not available separately. Claims for nonreceipt of issues will be honored free of charge if made within three months of publication of the issue. Subscriptions are available for microform editions; details will be furnished upon request.

All issues are dispatched by airmail throughout the world.

Subscription Rates: Base list subscription price per volume ECU–270.00 (US \$–324.00). * This price is available only to individuals whose library subscribes to the journal OR who warrant that the journal is for their own use and provide a home address for mailing. Orders must be sent directly to the Publisher and payment must be made by personal check or credit card.

Separate rates apply to academic and corporate/government institutions, and may also include photocopy license and postage and handling charges.

*ECU (European Currency Unit) is the worldwide base list currency rate; payment can be made by draft drawn on ECU currency in the amount shown or in local currency at the current conversion rate. The US Dollar rate is based upon the ECU rate and applies to North American subscribers only. Subscribers from other territories should contact their agents or the Publishers. All prices are subject to change without notice.

RIGHTS AND PERMISSION/REPRINTS OF INDIVIDUAL ARTICLES Permission to reproduce and/or translate material contained in this journal must be obtained in writing from the Publisher. Copies of individual articles may be obtained from SCAN, the Publisher's own document delivery service. For either service, please write or fax to: International Publishers Distributor at one of the addresses listed above.

VOLUNTARY PAGE CHARGES The United States National Science Foundation has extended the allowance of page charge funds for payments to Journals regardless of the publisher's commercial status. Previously this was reserved for only nonprofit society-sponsored journals. Voluntary page charge payments are now accepted for this journal, and authors may elect to pay any amount up to a maximum of \$25.00 per page. Payments will be refunded in the form of a voucher at 100% value of total payment. This voucher can be used by the author or the author's university library for any product or service offered by the Publisher, and thereby can be used to supplement library funding.

NEGATIVE PAGE CHARGES The principal author of each article will receive a voucher for his contribution in the amount of ECU 15.00 (US \$20.00, Yen 3,000), which can also be used to purchase the Publishers's products directly or through university libraries, thereby reducing costs of publications to those authors supporting the journal.
