

The graphic features the text 'RSC Journals Archive' in a large, bold, white font with a slight glow, centered against a dark background. The background is filled with a repeating pattern of smaller, semi-transparent text including 'The Analyst', 'Communications', 'Chemical', and 'Journal of the Chem', along with small white arrows pointing to the right.

RSC Journals Archive

An electronic archive containing approximately 195,000 articles and 1.2 million pages of ground-breaking chemical science papers published from 1841-1996.

It offers:

- Rapid location of articles via full-text searching
- Reference linking in articles published after 1990
- A range of purchase options and pricing to suit individual requirements and budgets
- The flexibility of accessing archive information from your desktop
- A secure, cost-effective solution for the storage and retrieval of research journals
- Coverage from prestigious journals such as ChemComm, The Analyst, Dalton Transactions, and the Journal of Materials Chemistry

'It is very exciting to be able to search the full-text of approximately 195,000 papers (from 1841-1996)...The RSC is to be commended for providing both electronic access and full-text searching of this significant historical literature.'

Dana L. Roth, Caltech, USA

ReSource is a website designed to provide user-friendly, rapid access to an extensive range of online services for authors and referees.

ReSource

Lighting your way through
the publication process

RSC Ads-24110432 - mono

ReSource enables authors to:

- submit manuscripts electronically
- track their manuscript through the peer review and publication process
- collect their free PDF reprints
- view the history of articles previously submitted

ReSource enables referees to:

- download and report on articles
- monitor outcome of articles previously reviewed
- check and update their research profile

"The web site is fantastic. I find it very user-friendly and clear. Congratulations"

Professor Vivian W. W. Yam, *The University of Hong Kong*
