

Metallomics

Integrated Biometal Science

Now published monthly

Metallomics has doubled in frequency to 12 issues per year, so you can now get hold of the most topical research in fields related to metals in biological systems even faster.

- A core publication for the emerging metallomics community
- ISI Web of Knowledge®
- Free access available

Top Quality Bioscience Journals

Molecular BioSystems - a journal with a focus on the interface between chemistry and the -omic sciences and systems biology. www.molecularbiosystems.org

Organic & Biomolecular Chemistry - an international journal covering the breadth of synthetic, physical and biomolecular chemistry. www.rsc.org/obc

Natural Product Reports (NPR) - a critical review journal which stimulates progress in all areas of natural products research. www.rsc.org/npr

Photochemical & Photobiological Sciences - publishing high quality research on all aspects of photochemistry and photobiology, encouraging synergism between the two areas. www.rsc.org/pps

NEW for 2010

MedChemComm - focusing on medicinal chemistry research, including new studies related to biologically-active chemical or biochemical entities that can act as pharmacological agents with therapeutic potential or relevance. www.rsc.org/medchemcomm

NEW for 2009

Integrative Biology - a journal focusing on quantitative multi-scale biology using enabling technologies and tools to exploit the convergence of biology with physics, chemistry, engineering, imaging and informatics. www.rsc.org/ibiology

Metallomics - a journal covering the research fields related to metals in biological, environmental and clinical systems. www.rsc.org/metallomics
