

# Time for Business...

## Industry Hour

A series of **free** sixty minute lectures designed to help you get ahead in the corporate chemical science community.

Located across a range of venues throughout the UK, each inspirational presentation delivered by an experienced speaker from industry will:

- enhance your current skills and help you develop new ones
- assist with a change in career direction
- ensure that the right steps are taken when searching for your first job

# The RSC Drug Discovery Series

## Emerging Drugs and Targets for Alzheimer's Disease

Edited by Ana Martinez | Medicinal Chemistry Institute–CSIC, Spain  
ISBN: 9781849730457  
Price: £220.00

A comprehensive 2-volume set that collects some of the most outstanding examples of new drugs currently in pharmaceutical development or new targets currently under the validation process that will reach the Alzheimer's market in the next few years as disease-modifying therapeutics.

## Metabolism, Pharmacokinetics and Toxicity of Functional Groups: Impact of Chemical Building Blocks on ADMET

Edited by Dennis A Smith | Pfizer Global R & D, UK  
ISBN: 9781849730167  
Price: £144.99

Written by medicinal chemists and ADMET scientists with a combined experience of 300 years this aid to discovering drugs provides detailed coverage on absorption, distribution, metabolism, excretion and toxicity issues associated with drugs.

## Accounts in Drug Discovery: Case Studies in Medicinal Chemistry

Edited by Joel Barrish, Percy Carter, Robert Zahler, Peter Cheng  
Bristol-Myers-Squibb, USA  
ISBN: 9781849731263  
Price: £132.99

This book describes recent case studies in medicinal chemistry with a particular emphasis on how the inevitable problems that arise during any project can be surmounted or overcome.

## New Frontiers in Chemical Biology: Enabling Drug Discovery

Edited by Mark Bunnage  
Pfizer Global R & D, UK  
ISBN: 9781849731256  
Price: £132.99

Highlights new frontiers in chemical biology and describes their impact and future potential in the field of drug discovery.

## New for 2011

### Pharmaceutical Process Development: Current Chemical and Engineering Challenges

Price: £121.99 | ISBN 9781849731461

This book is aimed at both graduates and postgraduates interested in a career in the pharmaceutical industry and informs them about the breadth of the work carried out in chemical research and development departments. It is also of value to academics wishing to advise students on the merits of careers in chemical

development versus discovery.

### Animal Models for Neurodegenerative Disease

Price: £132.99 | ISBN 9781849731843

This book provides up-to-date information on the use of transgenic mouse models in the study of neurodegenerative disorders such as Alzheimer's and Huntington's disease. The editors have extensive knowledge and experience in this field and the book is aimed at undergraduates, postgraduates and academics.

### Neurodegeneration: Metallostatics and Proteostasis

Price: £121.99 | ISBN 9781849730501

This book provides up-to-date information on key developments in this fast moving field. Topics covered emphasize the importance of metals and oxidation chemistry to neuroscientists as well as providing a wider, multidisciplinary background to chemists who are attracted by these fascinating subjects.

The new **RSC Drug Discovery Series** is a suite of professional reference books that will encourage learning in a range of different topics and provide understanding to scientists working outside of their own areas of expertise. The competitive advantage of the series is that it will follow an idea through to totality with an emphasis on learning and critical evaluation.

### Editor-in-Chief:

Professor David Thurston  
London School of Pharmacy  
UK

### Series Editors:

Dr David Fox  
Pfizer Global R & D  
UK

Professor Salvatore Guccione  
University of Catania  
Italy

Professor Ana Martinez  
Medicinal Chemistry Institute–CSIC  
Spain

Dr David Rotella  
Northeastern University  
USA

### Advisor to the Board:

Professor Robin Ganellin  
University College London  
UK
