

New
Journal

Toxicology Research

A new, multi-disciplinary journal covering the best research in both fundamental and applied aspects of toxicology
Published in partnership with the British Toxicology Society and Chinese Society of Toxicology

The journal will be led by Editor-in-Chief, Nigel Gooderham, professor of molecular toxicology at Imperial College London and will provide a home to communications, full papers and reviews.

Authors will benefit from wide exposure for their work with free online access to content published during 2012 and 2013. Published work can also be made more visible through integration with *ChemSpider*, the RSC's free chemical structure database.

Authors can expect a speedy peer review and publication process, with the option of publishing research as an Accepted Manuscript, making work available quickly after acceptance.

The first issue is scheduled for publication around May 2012.
