

Top Science...New Journal Free Access

Biomaterials Science

Brings together the molecular and mesoscopic interactions of biomaterials and their applications

www.rsc.org/biomaterialsscience

Toxicology Research

A multi-disciplinary journal covering the best research in both fundamental and applied aspects of toxicology

www.rsc.org/toxicology

Catalysis Science & Technology

Focuses on both the fundamental science and technological aspects of catalysis

www.rsc.org/catalysis

RSC Advances

An international journal to further the chemical sciences

www.rsc.org/advances

Toxicology Research

A new, multi-disciplinary journal covering the best research in both fundamental and applied aspects of toxicology

Published in partnership with the British Toxicology Society and Chinese Society of Toxicology

The journal is led by Editor-in-Chief, Nigel Gooderham, professor of molecular toxicology at Imperial College London and provides a home to communications, full papers and reviews.

Authors benefit from wide exposure for their work with free online access to content published during 2012 and 2013. Published work can also be made more visible through integration with *ChemSpider*, the RSC's free chemical structure database.

Authors can expect a speedy peer review and publication process, with the option of publishing research as an Accepted Manuscript, making work available quickly after acceptance.

The first issue is scheduled for publication mid-2012, and the first articles are now freely available online.
