

ChemSpider

The free chemical database

ChemSpider is a free chemical structure database providing fast access to over 25 million structures, properties and associated information. By integrating and linking compounds from more than 400 data sources, ChemSpider enables researchers to discover the most comprehensive view of freely available chemical data from a single online search.

Access ChemSpider anyplace, anytime, anywhere with the ChemSpider mobile website <http://cs.m.chemspider.com> or use the ChemSpider **mobile app** – just search for it on the apple app store and download it for free.
