

Additions and Corrections

Volume 12, 2010

Ying Wang, Fusheng Bie, and Hua Jiang*

Controlling Binding Affinities for Anions by a Photoswitchable Foldamer.

Page 3631. The chemical structure of compound **1** in Scheme 2 was incorrect. The structure should be correctly drawn as follows:

Page 3633. The labels indicated as “(b)” and “(c)” in the captions of Figure 4 were incorrect. The caption of Figure 4 should be corrected as follows:

Figure 4. UV/vis spectra of (a) **1**_{trans} (30 μM, acetone) in the presence of 4 equiv of chloride ions. (b) Irradiation with visible light for 8 min. (c) Irradiation with 365 nm of light for 5 min. The inset figure reflects the changes of the absorbance at 339 nm upon alternate irradiation with UV and visible light.
