

Correction to "A New Approach to Nitrones through Cascade Reaction of Nitro Compounds Enabled by Visible Light Photoredox Catalysis"

Cheng-Wei Lin, Bor-Cherng Hong,* Wan-Chen Chang, and Gene-Hsiang Lee

Org. Lett. 2015, 17 (10), 2314-2317. DOI: 10.1021/acs.orglett.5b00684

A n extra carbon was mistakenly drawn on the tether of the compounds with a *tert*-butyl ester in Tables 1 and 2 and Scheme 2. The correct chemical structures of these esters are listed as follows:

These same structures in the Supporting Information are correct, without the need for changes.
