

Retraction of "Transition Metal-Catalyzed Ring Expansion of Diazocarbonylated Cyclic *N*-Hydroxylamines: A New Approach to Cyclic Ketonitrone"

Evelyn Lieou Kui, Alice Kanazawa,* Jean-François Poisson, and Sandrine Py*

Org. Lett. 2014, 16 (17), 4484–4487, DOI: [10.1021/ol502029z](https://doi.org/10.1021/ol502029z)

The authors retract this Letter because recently obtained X-ray diffraction data reveals that the structures of the products reported and the reaction mechanism described are incorrect.
