

AAPS Update

AAPS—YOUR FORMULA FOR SUCCESS!

April 2005

2005 AAPS National Biotechnology Conference

Co-Sponsored with FDA and AIChE

June 5-8, 2005
San Francisco Marriott
San Francisco, CA

Enjoy a week of pharmaceutical biotechnology programming in San Francisco. The conference begins with the BIOTEC Section Open Forum, proceeds through the 2005 AAPS National Biotechnology Conference programming, and concludes with a short course on Development of PEGylated Biopharmaceuticals and a focused workshop on Nasal and Pulmonary Delivery. Participate in sessions on monoclonal antibody formulation, stem cell therapy, nucleic acid therapies, biophysical characterization, protein glycosylation, PEGylation, nanomedicine, regenerative medicine, and preformulation.

This conference is designed to provide a complete educational event, allowing each and every attendee the ability to customize his/her experience. In addition to the full programming, the 2005 AAPS National Biotechnology Conference will include poster sessions, a full exhibit hall and the AAPS Career Center. Biotechnology is the cutting-edge and AAPS is here with you.

- ▶ Plenary Session
- ▶ Symposia
- ▶ Roundtables
- ▶ Posters
- ▶ BIOTEC Open Forum
- ▶ Career Center
- ▶ Exhibits
- ▶ Sponsorships
- ▶ Short Courses

If you have any questions about the program or registration procedures, please contact the AAPS office, toll-free, at 877-998-AAPS, or, you can send an email to meetings@aaps.org.

To view the entire program and for a secure, online registration visit
www.aapspharmaceutica.com/nationalbiotech.

Print the registration form and mail it with payment to:

AAPS/NBC
PO Box 590
Frederick, MD 21705

or fax your completed form to: **301-694-5194**

Register Early!

Register promptly to take advantage of the early-bird discounts! For registration to proceed, the appropriate registration fee must be received with your registration form. Registration forms received without payment will be considered received on the date payment arrives.

Special Discounts

Reduced Combination Registration Fee
Save up to 20%!

Register for the following and become eligible for a reduced combination fee:

AAPS Workshop on Nasal and Pulmonary Delivery
or
AAPS Short Course on Development of PEGylated Biopharmaceuticals
and

The 2005 AAPS National Biotechnology Conference

Circle the appropriate fee under the Special Discounts section on the registration form and save up to 20%.

AAPS Workshop on Nasal and Pulmonary Delivery: Technology and Future Directions

June 9-10, 2005
San Francisco Marriott
San Francisco, CA

Workshop Goals and Objectives:

- ▶ Provide delegates with an update on progress and new developments in key areas related to pulmonary and nasal delivery:
 - ▶ mechanisms of absorption and transmembrane transport across the mucosal barriers;
 - ▶ formulation approaches;
 - ▶ analytical technologies;
 - ▶ pre-clinical models and safety evaluation;
 - ▶ new therapeutic targets; and
 - ▶ market opportunities and future directions.
- ▶ Provide a "Technology Showcase" session: eight selected companies will describe their current and emerging device technologies.

Delegates will enhance their understanding of current nasal and pulmonary delivery development issues. Newcomers to the field will gain a valuable overview of industry practitioners from the technology showcase session.
