

Erratum

In the letter "Normal Volunteers Should Not Be Used for Bioavailability or Bioequivalence Studies of Clozapine" (*Pharmaceutical Research*, Vol. 11, No. 8, 1994, p. 1221) the authors would like to correct a typographical error:

The second sentence of paragraph 2 should indicate that the incidence of syncope accompanied by cardiac and/or respiratory arrest is 1 per 3000 patients with treatment-resistant schizophrenia (0.03%), *not* 1 per 300 as published.
