

# ANNOUNCEMENT

FIRST INTERNATIONAL CONFERENCE ON BRAIN-STIMULATION REWARD  
April 21–24, 1975    Beerse, (Nr. Antwerp), Belgium

Organised by Janssen Research Foundation, with the scientific sponsorship of the European Brain and Behaviour Society.

The scientific programme will include sessions on the neuroanatomy and neurophysiology of intracranial self-stimulation; the pharmacology and biochemistry of self-stimulation; the relation of intracranial self-stimulation to feeding, drinking, sexual behaviour and learning; the effects of brain stimulation in man; physiological correlates; and theoretical interpretations of intracranial self-stimulation.

Scientists who wish to participate in the Conference or to present communications can obtain further details from:

Albert Wauquier  
Department of Pharmacology  
Janssen Pharmaceutica  
2340–Beerse, Belgium

and should contact him as soon as possible as the number of participants has to be limited to one hundred.

Albert Wauquier
