DUNN, A. J., H. D. REES AND P. M. IUVONE. *ACTH and the stress-induced changes of lysine incorporation into brain and liver proteins*. *PHARMAC. BIOCHEM. BEHAV.* 8(4) 455-465, 1978.—

The authors wish to call attention to an unfortunate error which was introduced on page 464 of their paper. A correction in reference No. 10 was inserted as reference 11, which is missing from the published manuscript. Reference 11 should have appeared as follows:

11. Dunn, A., A. Guiditta and N. Pagliuca. The effect of electroconvulsive shock on protein synthesis in mouse brain. *J. Neurochem.* 18: 2093-2099, 1971.
