

Announcing a New Journal

ALCOHOL

VOLUME 1 NUMBER 4

JULY/AUGUST 1984

CONTENTS

* Experimentally induced glucose intolerance increases oral ethanol intake in rats.	257
ZITO, K. A., G. VICKERS, L. TELFORD and D. C. S. ROBERTS 257
Age related differences in dopamine-stimulated adenylate cyclase sensitivity to "in vivo" chronic ethanol treatment.	263
LUCCHI, L., S. GOVONI and M. TRABUCCHI 263
Further study of induced behavioral dependence on ethanol in rats.	269
LE MAGNEN, J. and P. MARFAING-JALLAT 269
Effects of different liquid diets and sustained ethanol release on alcohol metabolism.	275
ERICKSON, C. K., A. KOCHHAR and R. L. SHOREY 275
The inhibitory effect of testosterone on the development of metabolic tolerance to ethanol.	283
RACHAMIN, G., R. S. BRITTON, J. A. MACDONALD and Y. ISRAEL 283
Ethanol-stress interaction: Differences among ethanol-preferring rats' responses to restraint.	293
ROCKMAN, G. E. and G. B. GLAVIN 293
Temperature dependence of ethanol depression in C57BL/6 and BALB/ mice.	297
WENGER, J. R. and R. L. ALKANA 297
Cholinergic role in alcohol's effects on evoked potentials in visual cortex of the albino rat.	305
HETZLER, B. E. and T. M. SMITH 305
Rat blood pressure during ethanol withdrawal.	315
KODA, L. Y., S. G. MADAMBA and F. E. BLOOM 315
MEETING REPORT	
Alcohol, stroke, hypertension and the heart: Introduction and overview.	321
ALTURA, B. M. 321
Alcohol, the cerebral circulation and strokes.	325
ALTURA, B. M. and B. T. ALTURA 325
Cardiovascular effects of alcohol with particular reference to the heart.	333
FRIEDMAN, H. S. 333
Alcohol, lipids and heart disease.	341
BARBORIAK, J. J. 341
BRIEF COMMUNICATION	
Identification of aldehyde dehydrogenase resistant to cyanamide and disulfiram inhibition.	347
SVANAS, G. W. and H. WEINER 347
ANNOUNCEMENTS	351
 351
