## **ERRATUM**

KAMEI, J., T. MORI, M. OGAWA AND Y. KASUYA. Subsensitivity to the cough-depressant effects of opioid and nonopioid antitussives in morphine-dependent rats: Relationship to central serotonin function. PHARMACOL BIOCHEM BEHAV 34(3) 595-598, 1989.—

Table 4 of the above cited article was inadvertently omitted in the final publication. For the reader's convenience, the missing table appears below.

We regret any inconvenience caused by this error.

TABLE 4

TH-SEROTONIN BINDING SITES IN BRAINSTEM OF MORPHINE-DEPENDENT RATS

Experimental Groups	B <sub>max</sub> (pmoles/mg protein)	K <sub>d</sub> (nM)
Control Dependent	4.93 ± 0.50 2.88 ± 0.32*	$17.18 \pm 2.90$ $11.62 \pm 1.52$

 $B_{max}$  and  $K_d$  values were calculated by Scatchard plot analysis of binding data. Values are expressed as mean  $\pm$  S.E. for six separate experiments. \*p<0.01 from value of control.
