CORRIGENDA

G. A. Harrison and others. *Phil. Trans. R. Soc. Lond. B* **256**, 147–182 (1969)

Page 173, footnote to table 18, line 5, middle of line:

for ...from CDe/cDe and...
read ...from CDe/cDE and...

R. A. Beatty. *Phil. Trans. R. Soc. Lond. B* **259**, 3–13 (1970)

Page 4, lines 2 and 4 from the bottom: interchange isopods and amphipod

Page 14, the middle of the last paragraph should read: ...for *Drosophila* was that two types of sperm exist, one of which is physiologically abnormal and the other physiologically normal. Certain gene segregations are postulated to be preferential during meiosis in heterozygous males relative to the physiological classes. Thus distorted ratios...

(In some copies this paragraph already reads correctly.)

M. J. Berridge and W. T. Prince. *Phil. Trans. R. Soc. Lond. B* **262**, 111–120 (1971)
