

Erratum: Electromagnetic response of nanosphere pairs: Collective plasmon resonances, enhanced fields, and laser-induced forces [Phys. Rev. B 77, 045416 (2008)]

Ping Chu and D. L. Mills

(Received 3 March 2008; published 25 March 2008)

DOI: [10.1103/PhysRevB.77.129905](https://doi.org/10.1103/PhysRevB.77.129905)

PACS number(s): 78.67.-n, 73.22.Lp, 78.20.Bh, 99.10.Cd

On page 45416-6, the first sentence in the caption of Fig. 3 should read as follows: “The frequency dependence of the enhanced fields realized for two Ag spheres separated by 5 nm in (a) and 2 nm in (b).” On the same page, the first sentence in the fourth paragraph should read as follows: “In Fig. 3, for two spheres separated by 5 nm in (a) and 2 nm in (b), we show the frequency variation of the enhanced fields that are realized for three cases.” The remainder of this paper is unaffected by this correction.
