This paper was published online on 29 September 2008 with conversion errors on page 2. On page 2, Eq. (4) should read as:

$$T(\omega, V_g, \phi) = \frac{4t^2 \sin^2 k |\tilde{t}(\omega)|^2}{|[\omega - \epsilon(\omega) + te^{ik}]^2 - |\tilde{t}(\omega)|^2|} \quad (4)$$

The third line of the caption to Fig. 2 should read as “ $L=6$ rungs, $t'=0.05t_{\parallel}$, several...” The paper has been corrected as of 3 October 2008. The text is correct in the printed version of the journal.
