Erratum: Family of boron fullerenes: General constructing schemes, electron counting rule, and *ab initio* calculations [Phys. Rev. B **78**, 201401 (2008)]

Qing-Bo Yan, Xian-Lei Sheng, Qing-Rong Zheng, Li-Zhi Zhang, and Gang Su

In this Rapid Communication, there are two typographical errors in Fig. 3 and Table I.

In Fig. 3, the numbers under the color bar at the bottom of Fig. 3 should be from -0.3 to 0.3. In the caption of Fig. 3, the unit of color bar should be "electrons" not "electrons/bohr^3."

In Table I, the numbers in column N_{HH} should be 0, 2, 3, 4, 4, 5, 5, 5 to satisfy $N_{HH}=k$, respectively.

These minor typographical errors do not change the conclusion of this paper.
