Erratum: Elastic constants and anisotropy in FeNi alloys at high pressures from first-principles calculations [Phys. Rev. B **79**, 214112 (2009)]

C. Asker,[*] L. Vitos, and I. A. Abrikosov

In our paper, there was a misprint in Eq. (7). The correct Eq. (7) should read:

$$c_s = \frac{9(c/a)^2}{2 \cdot V} \frac{\partial^2 E(V,c/a)}{\partial(c/a)^2} \Bigg|_{c/a=(c/a)(V)}$$

The calculations and hence all results and conclusions employed the correct version of Eq. (7).

The authors wish to thank Kalevi Kokko for pointing out the above flaw in Eq. (7).
