(Received 17 May 2010; published 21 June 2010)

DOI: [10.1103/PhysRevB.81.249905](https://doi.org/10.1103/PhysRevB.81.249905) PACS number(s): 73.50.Gr, 64.60.ah, 72.80.Tm, 68.37.Ps, 99.10.Cd

During the write up of this paper, we received a Comment pointing out the possibility of the known AFM tip-induced anodization effects (see bottom of the left column of page 6 of the paper). For further information see Comment [Phys. Rev. B **81**, 237301 (2010)] and our Reply [Phys. Rev. B **81**, 237302 (2010)].
