- (a) In the first line of Eq. (37) on the right-hand side, Λ should read $-2\kappa\Lambda$.
- (b) In Eq. (39), $\frac{1}{2}\bar{\xi}_i^2 R^2$ should read $\bar{\xi}_i^2 R^2$.
- (c) In line 1 of Eq. (B3), the final 2 should read $2\bar{\xi}^2$.
- (d) In Eq. (B6), (1/180) should read $-(1/180)$.
- (e) In line 3 of Eq. (B9), the first 4 should be an 8.
- (f) For Eqs. (B5), (B7), and (B8) there are errata. The correct variational expressions will appear in a paper [1].

The results of this paper are not affected by these errata.
