This article should be considered withdrawn from publication. It contains no new results; it plagiarizes the article “Optical solitons in media with combined resonant and non-resonant (cubic) nonlinearities in the presence of perturbations” by E. V. Doktorov and R. A. Vlasov, *J. Mod. Opt.* **38**, 35 (1991). The first author (M. Piscureanu) apologizes and absolves the second author (D. Manaila-Maximean) of participation in the plagiarism. *Physical Review E* apologizes to Professors Doktorov and Vlasov.
