Publisher's Note: Electrorotation of colloidal particles in liquid crystals
[Phys. Rev. E **72**, 031704 (2005)]

G. Liao, I. I. Smalyukh, J. R. Kelly, O. D. Lavrentovich, and A. Jákli

This paper was published online on 13 September 2005 with a typographical error in Eq. (3) and with Figs. 1 and 3 as grayscale instead of color online. Equation (3) should read as

$$E_r^2 = \eta \, \frac{\sigma_{lc}}{\varepsilon_o^2 \varepsilon_{lc} \varepsilon_s}.$$

Figures 1 and 3 should be color online and their captions should indicate such. The equation has been corrected and the figures replaced as of 19 September 2005. The equation is correct and the figure captions are correct in the printed version of the journal.
