Erratum: From time series to superstatistics
[Phys. Rev. E **72**, 056133 (2005)]

Christian Beck, Ezechiel G. D. Cohen, and Harry L. Swinney

One line after Eq. (8) a factor $\frac{1}{\Delta t}$ is missing on the right hand side of the equation. The correct equation defining the expectation value over a time interval of length Δt reads

$$\langle\cdots\rangle_{t_0,\Delta t} = \frac{1}{\Delta t}\int_{t_0}^{t_0+\Delta t}\cdots dt.$$
