Erratum: Monin-Lundgren hierarchy versus the Hopf equation in the statistical theory of turbulence [Phys. Rev. E **73**, 067301 (2006)]

Iwao Hosokawa

Both occurrences of $(1)'-(4)'$ in line 5 from the bottom in the right column of p. 2 should read as $(6')-(10')$. The second equation in (24) in the right column of p. 3 should read as $dv/dt=-\int\Omega(x,x')f(x')dx'$.
